"MEMORIES"

 Hello to all my CAS friends,

With much sadness I have to tell you I can't be part of the fun at this y Convention. You see, after the incident at the Decatur Cheese Factory I am grounded until further notice. Honestly, I didn't think I was the thought Rick and Mary would forget about it in a few days... THEY seems the owner of the factory issued a warrant for my arrest if I a mile radius of their property ~~over~~ again. Word is the very me chasing me still has a huge bump on his head which he got whe the door on him during our escape. He hasn't been able to wo is now over run with mice... most of (I think) related to me.

The statue Mary brought was carved by a famous Irish scu Sean O'Doodle It was shipped from Ireland and it is to h Quinn and Finn McEntire (remember the sad story of t tour of a cheese factory in Monroe, WI).

I am here in my house but Rick taped me to the flo peak in and say hi but make it quick or I will start c

I miss you all,
 Mouse and Cheese
